Microsite Content Outline

Project Title: Grace Kelly Website

I'd like to build this site as multiple pages with a navigation bar at the top to move between topics. There are several subtopics surrounding Grace Kelly, and many photographs to highlight the actress turned princess's life.

- **Home Page / Introduction –** This homepage will boast a classic portrait of Grace Kelly, and give a brief blurb about who she is, and leaves the reader wanting to more about all of the individual aspects of her life.

- **Hollywood Actress Career**

- **Princess of Monaco**

- **Philanthropy**

- **Fashion**

- **Death**

- **Sources:** This page will list sources, including the Wikipedia page, as well as other sources for photography, and any other credits that need to be provided.
